**A BREEZY LETTER FROM VERDI.**

**A Newsy Resume of Events in That Busy Town.**

The town jail, which by the way is not a palatial looking structure, has been moved to a more secluded spot. The commissioners having purchased lot 12 in Block L from the Pacific Improvement Company for that purpose.

About twenty men are employed cleaning the Steamboat ditch. Mr. Wells of Reno is a frequent visitor to the camp.

O. H. Elliott, representing the Dos Palos Oil and Development Co. (Inc.), spent a day in Verdi last week in the interest of that company. Mr. Elliott placed several hundred shares among residents here and reports from the oil fields of Merced, San Benito and Fresno in which counties the company has lands, have very much enthused the local subscribers. E. L. King is local agent.

The Verdi Mill company is crowded to its full capacity with orders for orange shock, ten carloads having left here in as many days.

The dramatic club has decided to wait until after Lent before giving "Above the Clouds." Thos. Delaney is having no trouble in securing full attendance at the rehearsals.

**SHORT ONES.**

Walter Hastings spent Wednesday in Reno.

Mrs. LaChapelle is visiting in Reno.

H. E. Kane and wife are in San Francisco for a few weeks. On their return they will reside in their new home in western Verdi.

Phi Bates, who was injured by having his hip broken last summer, is now able to get around with the aid of a cane.

**Paint Protection**

You realize the necessity of protecting your house with good paint, but you do not realize the necessity of protecting yourself against poor paint. It all looks alike in the can, but one kind comes off, the other stays on; one kind soon looks shabby, the other keeps new. The kind that holds on strongest, looks new longest, is

corporation and syndicate to be outspoken in condemning any leasing proposition, insisting that they will never pay one cent to the government for grazing their stock on the public lands, so all the hue and cry about this being a corporation measure is absolutely without any foundation in fact." The last extract is not very much in keeping with the facts that have been ascertained which are conclusive upon the corporations and syndicates desire to acquire possession of the public domain.

There is a nigger in the woodpile somewhere and that woodpile will bear watching. The nigger maybe that the corporations and syndicates have arrived at a conclusion that the National Live Stock Association has headed off the scheme and steal they had up for their exclusive use and to make a necessity appear plausible they repudiate the leasing scheme together by declaring they will not pay one cent to the government for grazing the range but it will be well to keep in mind that a thief who has been disappointed in making an intended steal is the most innocent person respecting the steal there is in the community.

**The Japanese Pheasants.**  
C. P. Ferrel reports that the Japanese pheasants received from Oregon a short time ago are thriving. He hopes to raise about twenty pair this spring and summer from the four birds he now has. They will be turned loose next spring.

In about three years it is expected the birds will be plentiful enough to hunt. However, it will be necessary that they be protected until that time.

**Farmers Should be Careful.**  
The Reno Mercantile Company has a changed advertisement in this issue, and urges upon the farmers the necessity of purchasing only seeds that have been thoroughly tested for sowing purposes. It would be well to heed this advice, as there is a great quantity of impure seeds on the Reno market at the present time.

**A Runaway.**  
H. B. Maxson had a narrow escape from injury yesterday afternoon. While driving on Commercial Row the colonel's horse took fright at a train of cars and went through a series of evolutions that resulted in overturning the buggy. Fortunately Mr. Maxson escaped without injury and no damage was done to the rig.

**St. Patrick's Ball.**  
Messrs. Lucey and Julien are making arrangements to give a grand St. Patrick's ball next Saturday evening, March 17th.

**After Horse Killers.**  
A. J. Newman, foreman for James Newlands, was here yesterday looking up hides brought in by horse killers and found the brand of his employer on several hides.

Prosecution will result if necessary to put a stop to the practice. Other horsemen are also looking into the matter.—Wadsworth Dispatch.

**Precipitation for February.**  
The total precipitation for the month of February was .28 inches, which is a deficiency of 1.24 inches. Four thousand, nine hundred and eleven miles of wind visited during the same month while it reached a rate of 60 miles an hour on the 14th.

**An Enjoyable Time.**  
Dr. and Mrs. Fee entertained the members of the Nevada Club last evening. A most enjoyable time was had by all present.

# CANNIBALS.

Special to the JOURNAL.

VANCOUVER, March 9.—The steamer Coquiltam arrived tonight with three Indian prisoners to be tried for their lives for eating human flesh. With them are six other cannibals arrested as witnesses. The prisoners are chiefs of three of the Albert Bay tribes.

The offenses were committed at Potlatch three weeks ago by an Indian named Oilhunk, who won a fortune packing into the Klondike, and who had called the three tribes together to give his fortune away in blankets and provisions.

During the Potlatch some old women recalled old days when cannibals followed their natural instincts and when an accient dame called for martyrs they were asked to step into the circle. Two young bucks and an Indian maiden answered the call and stood near the fires while ten naked savages danced around them, darting at them and biting pieces out of their arms and legs and eating the bleeding morsels.

When the young savages had lashed themselves into frenzy corpses were called for and three Indians who had recently died were placed on fire, when the savages tore the flesh of the corpses from the bones and devoured it half burned. A missionary complained to the government, which warned the tribe that if they ate human flesh again their lands would be taken from them.

## OPPORTUNITY FOR SETTLERS.

Special to the JOURNAL.

TACOMA, March 9.—It is understood that the north half of the Coleville Indian reservation will be thrown open for settlement about May 1. The district contains rich agricultural, timber and mineral lands, and boomers are already gathering at Spokane and other towns to rush across the line at the opening. The district contains at least 300,000 acres of first-class agricultural lands. There is about as much mineral land, and the remainder is covered with a splendid growth of fir, cedar and hemlock.

## GENERAL FRENCH IS ADVANCING.

Special to the JOURNAL.

POPLAR GROVE, Free State, March 9.—General French, who is ten miles ahead, reports that the front is clear of Boers. All other reports tend to confirm the utter disorganization of the Boer forces in the Transvaal as well as the Free State. It is not probable that the British advance to Bloemfontein will be further opposed.

**CAUGHT THE THIEF.**  
Peter the Great was once very neatly caught in a trap by a jester attached to the court. The jester was noted for his cleverness in getting himself and his friends out of difficulties. It happened one day that a cousin of his had incurred the czar's displeasure and was about to be executed. The latter therefore presented himself before his imperial majesty to beg for a reprieve. On seeing him approach, the czar, divining his errand, cried: "This is no good to come here. I swear I will not grant what you are going to ask." Immediately the jester went down on his knees, saying, "I beseech your imperial highness to put that scamp cousin of mine to death."

The czar, thus caught in his own trap, could only laugh and pardon the condemned man.—Columbian.

**Back to Prison.**  
Sheriff McDeld of Winnemucca arrived in Reno last evening having in charge a convict named McDonnell, who was taken from Carson to testify in the Bonton cattle stealing case. McDonnell will be taken to Carson today.

Mrs. Flanigan and Miss Flanigan, mother and sister of Senator Flanigan, leave this morning for San Francisco.

**Have You the Gout?**  
The following cure for the gout, is taken from an old work: First, the person must pick a handkerchief from the pocket of a maid of 50 years who has never had a wish to change her condition; second, he must wash it in an honest miller's pond; third, he must dry it on a person's hedge who was never covetous; fourth, he must send it to a doctor who never killed a patient; fifth, he must mark it with a lawyer's ink who never cheated a client; sixth, apply to the part affected, and a cure will speedily follow.

**Honest Boy.**  
"I am glad there are a few honest people left. Two years ago I sent a boy around the corner to buy a postal card. I have never seen the boy to this day."

"You don't call that boy honest?"

"Yes, sir. This morning I received a postal with this on the back: 'Dear Sir—Here is your postal. I started in business with the penny you gave me and have prospered. Thanks.'"—Chicago News.

**Kissing and Hugging Take Time.**  
It's all very well for you and Nellie and Emile to unite in millions of hugs and kisses, but please consider the time it would occupy your poor old very busy uncle. Try hugging and kissing Emile for a minute by the watch, and I don't think you'll manage it more than 12 hours a day.—Letter of Lewis Carroll.

**AROUND  
WADSWORTH.**  
Our Correspondent Tells of Hap-  
penings in the Coming Rail-  
road Center—

Mrs. W. S. Spencer is opening a mil-

fitted up his establishment in metro-  
politan style.  
Tonsorial Artist Ede has advertised  
his profession by removing the raven  
locks that adorned his upper lip. He  
looks like a revised edition of Father

Crosby and Allen, the liverymen, are

number of experts and representatives  
of capital are looking up the camp this  
spring.

"Uncle George" Frazer is represent-  
ing his constituency in noble manner,  
as the improvements to the roads  
in the eastern end of the county bear  
witness.

Nick Hummel continues to deny  
that he will be a candidate for the  
State Senate but it is remarked that  
the tip of a lightning rod protrudes  
through the crown of his hat.

John Lee remains a staunch Repub-  
lican, and wishes it to be announced,  
even if he does suspend business every  
morning until he has read the un-  
washed Democratic editorials in the  
JOURNAL.

The railroad men kick like govern-  
ment mules whenever their thoughts  
recur to the railroad's insurance pro-  
ject. Some of them go so far as to  
pronounce it a scheme to weed out the  
older employees.

Several freight crews were recently  
laid off but officials say that this is  
only a temporary matter and that in-  
creased business later in the year will  
cause all these crews to be put back  
and many more men hired.

Wadsworth has in the last three  
years made a pretty penny out of the  
Olinghouse mines. Indications are  
that extensive work will be carried on  
this year, to the pleasure and profit of  
the Wadsworth business men.

The extensive improvements re-  
cently completed by the Seepes, includ-  
ing vast coalsheds and a net work of  
side tracks, evidence that Wadsworth  
will be entitled to the cognomen "Divi-  
sion City" for a few years longer.

Ed. Short stole out of town (for  
which offense an indictment for lar-  
ceny would not stand) the other night.  
His destination was not given out to  
the press and public but he will prob-  
ably inhale the salt Atlantic air before  
returning.

Nothing is more conducive to sta-  
bility in a business venture than as-  
sured income. This logical conclusion  
is adaptable to Wadsworth. The town  
is largely supported by the payroll of  
the railroad which is as inevitable as  
death and twice as agreeable. When  
the pay car goes through the employe  
settles with the butcher, the baker and  
the candlestick maker. Even the  
poor devil newspaper man gets a few  
white chips out of the pot.

**A Careless Engineer.**  
Through the carelessness of an S. P.  
engineer yesterday afternoon J. R.  
Bradley & Co.'s delivery team became  
frightened and but for the rare pres-  
ence of mind displayed by the driver,  
Charles Prime, a serious accident  
might have occurred.  
From facts obtained it seems that  
Mr. Prime was waiting at the crossing  
on Sierra street for the train to pass.  
When the engine reached the crossing  
the engineer saw fit to open the escape  
valve, which sent the steam into the  
horses' faces. They became frightened  
and plunging forward narrowly missed  
striking the passing cars. The driver  
pulled them to one side, when both  
horses reared up, one falling backward.  
No damage was done to the rig.

**Last of the Series.**  
The juniors and freshmen will con-  
test for the baseball pennant on the  
campus this forenoon. This promises  
to be the hardest contest of the series.  
Both sides are evenly matched and  
each man is determined to play ball  
from the start of the game until the  
finish.  
If the freshmen succeed in carrying  
off the honors, the pennant will be  
awarded to them, which will be an  
honor never before achieved by a fresh-  
man class in the history of the Nevada  
University.

**A Birthday Party.**  
A pleasant birthday party was given  
in honor of Miss Edna Thyes' six-  
teenth anniversary at the residence of  
the young lady's parents last evening.  
About fifty invitations were issued to  
schoolmates and friends of the young  
lady. The evening was passed in games,  
conversation and general fun-making.  
Refreshments were served at 11 o'clock.  
All who were present report having  
had an enjoyable time.

**A GOOD  
PERFORMANCE**  
A Well Pleased Audience Wit-  
nesses an Excellent Rendition  
of the "Sea Queen."

Last night's performance at McKis-  
sick's Opera House, "The Sea Queen,"  
was a thorough success. To say that  
it was good would but mildly express  
it; it was excellent. Each and every  
person in the cast understood and  
performed their parts only a "profes-  
sionals" can.

The audience (and the house was  
filled) was loud in its applause of  
every scene. To speak of each in-  
dividual player would require too much  
space. They are all deserving of recog-  
nition. However, Miss Schindler as the  
Sea Queen, F. P. Dann as Baptiste, N.  
E. Wilson as Bancho, Miss Myrtle  
Monroe as Lurline, and Mrs. B. O.  
Shearer as Neptune's daughter, all  
earned special mention.

The calcium lights were well handled.  
The scenery is something that must be  
seen to be appreciated. Mr. Larry has  
proven himself to be an artist of no  
mean ability.

The play will certainly be enjoyed  
by the children at the matinee this  
afternoon. The spectacular effects are  
something that is bound to win their  
admiration.

The old folks also should not lose  
this opportunity to witness the play.  
It is a rare treat that Renolites will not  
have an opportunity of witnessing  
soon again.

**LOCAL SHORTSTOPS.**  
The Reno Improvement Club will  
meet on Monday next instead of Tues-  
day, as advertised.

choice bargains in realty. It may be  
what you are looking for, so read them.

esting announcement on the first page.

newspaper advertising, and they know  
how to advertise.

**Claim Nevada as Their Home.**  
"J. D. Siegel and wife, Nevada," is  
the inscription on the register at the  
Riverside Hotel. Mr. Siegel is a mem-  
ber of the well-known firm of Siegel,  
Cooper & Co., Chicago, and is largely  
interested in mining properties in Ne-  
vada. With a few such enterprising  
citizens as Mr. Siegel in the sagebrush  
State, Nevada's star would soon be  
among the brightest in the Union. Mr.  
Siegel, Nevada welcomes you.

**BIG COPPER STRIKE IN  
CHURCHILL COUNTY**

George Gardner was in town one  
night this week. He was returning  
from Carson where he had been to ar-  
range with the Land Office about get-  
ting out patents on his Cottonwood  
copper properties in Churchill county.  
Mr. Gardner is the Colorado Springs  
representative of the Colorado Copper  
company, a strong corporation of Phil-  
adelphia capitalists.

Their property consists of the Ne-  
vada Queen, Colorado King and Ken-  
tucky Belle, three claims which they  
seek to patent.

The group is developed by the Gar-  
dner shaft, which at a depth of 100 feet,  
has passed through a wonderfully rich  
body of ore. In fact it is said to be  
one of the richest copper strikes ever  
made in the State. A ten-foot body of  
ore was out in the drift near the bot-  
tom of the shaft that averages more  
than 20 per cent copper.

The preparations for the develop-  
ment of the property bear out these  
figures. Mr. Gardner has purchased a  
smelter and will soon have it on the  
ground. He expects soon to have fifty  
men at work in the mine. This new  
strike means much for the State of  
Nevada.

**Dudley, Is It So?**

Dudley Dean of the Nevada Har-  
dware & Supply Company left last even-  
ing for San Francisco, presumably on  
a brief vacation. However, the rumor  
in some unknown manner become cur-  
rent that Mr. Dean has matrimonial in-  
tentions and will return to the river-  
side town with a bride. Mr. Dean,  
when seen by a reporter in regard to  
the matter, strenuously denied that  
there was any truth in the report.

**A Passenger Engine Derailed.**  
Yesterday morning's eastbound pas-  
senger train was three hours late. The  
delay was caused by the engine run-  
ning off the track a few miles from  
Prosser creek. None of the coaches  
were derailed. The engineer and fire-  
man escaped injury by leaping from  
the cab. An engine was sent from  
Truckee to bring the train to Reno.

GEO. W. AYERS**

"For a number of years there have been  
several harness makers claiming to be saddlers  
in Washoe county. There has not been a  
practical saddler at the head of any of them.  
They have carried a stock of fair appearance  
high price and cheap quality. When you  
gave them a difficult order they were forced to  
send it away to have filled. In the future I  
invite you to place a trial order with me. I  
do not believe in self praise, but will let my  
reputation as a saddler depend on your judg-

**NEWS OF THE STATE.**  
Brief Items Culled From the Papers on Our Exchange Table.

Nine tramps struck the town last night. Constable Triplett looked up three of them and the others left town.—Elko Independent.  
Gould & Curry to Build.  
A letter received from Mr. Herman Zedig today states that at a special meeting of the Gould & Curry mining company held in San Francisco yesterday, it was decided to begin at once the erection of a milling plant with a daily capacity of fifty tons, to work the low grade ore in that mine extending from the 425 level to the surface. The site selected for the mill will be near the mouth of the long tunnel near the Mint hoisting works. The capacity of the plant will be subsequently increased to a daily capacity of 200 tons.—Virginia Chronicle.  
Deaf and Dumb Patients.  
Professor Orvis Ring has returned from California, where he went in charge of Arthur Dick, aged 16, and Willie Stevens, aged 10, two deaf and dumb boys of Storey county. The unfortunate boys were turned over to the authorities of the deaf and dumb university at Berkeley. The afflictions were the after effects of spinal meningitis. There are now nine patients from Nevada in the deaf and dumb hospital at Berkeley, six males and three females.—Carson News.
